Assertive Community Treatment Team
Central Intake
COMMUNITY MENTAL HEALTH PROGRAM

The Assertive Community Treatment Team (ACTT) helps people with complex, long-term and serious psychiatric illness involving multiple hospitalizations of a minimum of 50 days in past year or 150 days over 3 years. An individual, the family or the current service provider can make referrals. A central intake team reviews referrals for all Ottawa area ACTT. A client assessment will be done to determine eligibility for ACTT services.

Services include:

- Identify and achieve individual goals *(such as life skills, vocational, education, financial, recreation, etc)*
- After hours emergency services for clients in the service
- Symptom assessment, management and education
- Supportive counselling
- Medication education, prescription administration and monitoring

Please send to:

For ACT teams

c/o Micheline Viau-Benn, Intake Coordinator

1145 Carling Avenue

Ottawa ON K1Z 7K4

Tel: 613.722.6521 ext. 7325

Fax: 613.739.8400

PLEASE NOTE THAT ALL
